A RELIABLE PARTNER FOR YOUR SERVICES

Arabian Lubricants is a brand known for its commitment to excellence in technology, manufacturing marketing of high-performance lubricants, greases, and speciality oils for many different market segments, including manufacturing industries, metal working, power industries, heavy transportation, automotive workshops, construction sector and many more.

Our product portfolio covers a wide range of lubricants, from standard mineral oils to the latest synthetic fluids, that meet the requirements of original equipment manufacturers. Our close co-operation with our customers has given us a detailed knowledge of the conditions and circumstances applying in each sector.

Experience, knowledge and consistent development redefine our current operations. This means, we assume responsibility for the entire value chain from research analysis that entails to innovation and emergence of new lubricants solutions of tomorrow.

Petrol Engine Oils
Diesel Engine Oils
Hydraulic Oil
Gear Oils
Synthetic & Semi-Synthetic Oils
Transmission Fluids
Greases
Brake Fluids
Industrial Gear Oils
Cutting Fluids
Coolants

Our Services

Offering a comprehensive selection of lubricants, greases, Base Oil and associated products, our reputation is underpinned by an unwavering focus on quality, integrity and a customer-centric approach.

A modern manufacturing facility, safety and health-driven process and efficient logistical supports add to our infrastructure and gives us a competitive edge when it comes to creating the optimum asset preservation solutions for our customers.

ARABIAN SERVOL Petrol Engine Oils

APPLICATION

An excellent quality petrol engine oil formulated with highly refined base stocks and an advanced additive package. Recommended for supercharged, turbocharged or atmospheric gasoline and diesel engines used in passenger cars, vans and light trucks including multi-valve techniques and those vehicles fitted with or without catalytic converters, operating under most severe driving conditions.

AVAILABLE GRADES

SAE 40 API SF/CD	SAE 20W/50 API SG/CD
SAE 50 API SF/CD	SAE 20W/50 API SF/CD
SAE 20W/50 API SL/CF	SAE 10W/40 API SL/CF
SAE 20W/50 API SJ/CF	

for more product information visit www.arabianlubricants.com

ARABIAN MAGNOL Diesel Engine Oils

APPLICATION

This is premium quality robust performance diesel engine oil with high alkaline reserve, developed to meet the most severe performance requirements of naturally aspirated or turbocharged diesel engines operating on high sulphur distillate fuels. Recommended for a wide range of use in high specific output, four-cycle diesel engines to provide maximum protection in the most severe service conditions, including maximum oil drain interval operation.

AVAILABLE GRADES

SAE 40 API CF	SAE 15W/40 API CH-4
SAE 50 API CF	SAE 15W/40 API CI-4
SAE 40 API CD/SF	SAE 15W/40 API CG-4
SAE 50 API CD/SF	

for more product information visit www.arabianlubricants.com

ARABIAN SYNOL Gear Oils

APPLICATION

Good quality gear oil formulated with highly refined base stocks and antifoam additive package. Suitable for manual transmissions, spiral bevel, worm axles and all gearing systems used in automotive and off the road equipments operating under mild service conditions.

AVAILABLE GRADES

SAE 90 API GL-1	SAE 80W/90 API GL-4
SAE 90 API GL-4	SAE 85W/140 API GL-4
SAE 90 API GL-5	SAE 80W/90 API GL-5
SAE 140 API GL-1	SAE 85W/140 API GL-5
SAE 140 API GL-4	
SAE 140 API GL-5	

for more product information visit www.arabianlubricants.com

ARABIAN HYDROTRAC Hydraulic Oils

APPLICATION

A top quality oil with high degree of wear protection designed with highly refined base stocks and well balanced additive package. Recommended for high pressure hydraulic systems used in all mobile and stationary equipments operating under severe working conditions. Also used for circulation system, compressor pump, bearing and gear lubrication when recommended.

AVAILABLE GRADES

Hydrotrac Hydraulic Oil ISO 32
 Hydrotrac Hydraulic Oil ISO 37
 Hydrotrac Hydraulic Oil ISO 46
 Hydrotrac Hydraulic Oil ISO 68
 Hydrotrac Hydraulic Oil ISO 100

for more product information visit www.arabianlubricants.com

“For most demanding applications in automotive technology, machine and plant engineering, shipping or in the rough conditions of the heavy industries, Arabian Lubricants offer the users a wide range of high performance lubricants to solve various tribological problems. This range includes lubricating greases and pastes, lubricating oils, anti friction coatings as well as process media which cover the entire field of metal working operations.

ARABIAN RANDOS Automatic Transmission Fluid

APPLICATION

A good quality transmission fluid, designed for use in automatic gearboxes, where Type A are required. This oil may also be used in many power shift transmissions, industrial torque converters and manual transmission where lower viscosity fluids are required

AVAILABLE GRADES

Automatic Transmission Fluid Type A
Automatic Transmission Fluid DEX II
Automatic Transmission Fluid DEX III

[for more product information visit www.arabianlubricants.com](http://www.arabianlubricants.com)

IMAX Petrol Engine Oils

APPLICATION

An excellent quality petrol engine oil formulated with highly refined base stocks and an advanced additive package. Recommended for supercharged, turbocharged or atmospheric gasoline and diesel engines used in passenger cars, vans and light trucks including multi valve techniques and those vehicles fitted with or without catalytic converters, operating under most severe driving conditions.

AVAILABLE GRADES

SAE 40 API SF/CD
SAE 50 API SF/CD
SAE 20W/50 API SL/CF
SAE 20W/50 API SF/CD

[for more product information visit www.arabianlubricants.com](http://www.arabianlubricants.com)

IMAX Diesel Engine Oils

APPLICATION

A high performance synthetic multi grade gasoline engine oil formulated from premium quality synthetic base oils and selected additives. It is recommended for all modern gasoline engines and provide excellent protection from combustion deposits, heat induced oil oxidation and sludge deposits. It can be used for petrol engines with normal four stroke valve and turbo type with or without catalysts.

AVAILABLE GRADES

SAE 40 API CD/SF
SAE 50 API CD/SF
SAE 15W/40 API CH-4

[for more product information visit www.arabianlubricants.com](http://www.arabianlubricants.com)

IMAX Gear Oils

APPLICATION

Good quality gear oil formulated with highly refined base stocks and antifoam additive package. Suitable for manual transmissions, spiral bevel and worm axles and all gearing systems used in automotive and off the road equipments operating under mild service conditions.

AVAILABLE GRADES

SAE 90 API GL-1
SAE 140 API GL-1
SAE 90 API GL-4
SAE 140 API GL-4

[for more product information visit www.arabianlubricants.com](http://www.arabianlubricants.com)

“ Through years of experience, research and development, Arabian Lubricants has developed an extensive portfolio of individual lubricants, each designed to address the specific challenge of achieving optimum performance in the relevant applications.

IMAX Automatic Transmission Fluid

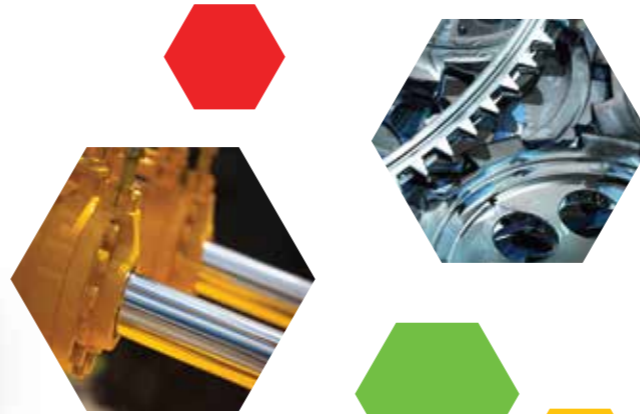

APPLICATION

A good quality transmission fluid, designed for use in automatic gearboxes, where Type A are required. This oil may also be used in many power shift transmissions, industrial torque converters and manual transmission where lower viscosity fluids are required

AVAILABLE GRADES

Automatic Transmission Fluid Type A
Automatic Transmission Fluid DEX II
Automatic Transmission Fluid DEX III

SAPPCO Diesel Engine Oils

APPLICATION

This is premium quality robust performance diesel engine oil with high alkaline reserve, developed to meet the most severe performance requirements of naturally aspirated or turbocharger diesel engines operating on high sulphur distillate fuels. Recommended for a wide range of use in high specific-output, four-cycle diesel engines to provide maximum protection in the most severe service conditions, including maximum oil drain interval operation.

AVAILABLE GRADES

SAE 40 API CF	SAE 15W/40 API CH-4
SAE 50 API CF	SAE 15W/40 API CI-4
SAE 40 API CD/SF	SAE 15W/40 API CG-4
SAE 50 API CD/SF	

for more product information visit www.arabianlubricants.com

BONUS Gear Oils

APPLICATION

A premium quality gear oil formulated for use in a wide range of gear units with normal, bevel and helical gear designs, including synchromesh manual gearboxes, transmissions and axles under moderately severe load and pressure conditions. These oils meet the requirements of several automotive manufacturers for cars, vans and commercial vehicles. Lubrication of manual transmissions of vehicles where EP gear oil is recommended.

APPLICATION

SAE 90 API GL-1
SAE 140 API GL-1
SAE 90 API GL-4
SAE 140 API GL-4

for more product information visit www.arabianlubricants.com

BONUS Petrol Engine Oils

APPLICATION

A high performance synthetic multi grade gasoline engine oil formulated from premium quality synthetic base oils and selected additives. It is recommended for all modern gasoline engines and provide excellent protection from combustion deposits, heat induced oil oxidation and sludge deposits. It can be used for petrol engines with normal four stroke valve and turbo type with or without catalysts.

APPLICATION

SAE 40 API SF/CD
SAE 50 API SF/CD
SAE 20W/50 API SL/CF
SAE 20W/50 API SF/CD

for more product information visit www.arabianlubricants.com

“Our industrial lubricants are engineered to meet the highest levels of performance in a variety of industry applications and conditions.

You can depend on Arabian Lubricants as your one-stop resource for products to extend equipment life, minimize maintenance and costly breakdowns. From turbine oils and greases to hydraulic oils and specialty lubricants, we have what you need to keep your equipment running smoother and longer.

About Us

Established in 2006, Arabian Lubricants has become one of the leading manufacturers and suppliers of high-performance lubricants and greases, by building on two core competencies of its parent group, a vast experience in the fuel industry and a reputation for quality products and service.

Today, we offer a spectrum of specialized products, developed in state-of-the-art laboratories and blending plants that are based in the industrial heart of the country and in one of the most dynamic and vibrant markets of the region. Given that this is an industry steered by technical prowess, qualified staff-expertise that empowers Arabian Lubricant's success. Our management is always keen to instill a strong work ethic to ensure both quality and product stability to customers.

All our products are currently available under well-established brands ARABIAN, IMAX SAPPCO and BONUS

Arabian Lubricants is a brand known for its commitment and excellence in technology, manufacturing and marketing of high performance lubricants, greases, and specialty oils for many different market segments, including manufacturing industries, metal working, power industries, heavy transportation, automotive workshops, construction and many more.
